Re: Proposal For Gym CC:  
☐ Urgent ☒ For Review ☐ Please Comment ☐ Please Reply ☐ Please Recycle

● Comments

Gentlemen,

Included with this fax is a proposal for Gym equipment. This equipment is made by ProMaxima which is American made and widely used in Houston's gyms and the surrounding area. As you can see our prices are lower than other brands for simple reason we are the dealers for this products so there is no middle men. Also the PARAMOUNT product is good but it is made with chrome. Chrome is more expensive, but after one year you will start noticing problems such as rust, and chipping which in order to fix you will have to disassemble the gym and send it for repair. ProMaxima is made with metal and covered with powder-coated paint in case of rust or any damage all you have to do is apply touch up paint. Also you have a choice of color (Black/White), Also the upholstery you can have any color you wish.

Please notice that ProMaxima Gym is 12 station. The Club Treadmill is the same quality in both proposals, Because when you have a machine to be used in a commercial establishment you can not go with machine that is not made for commercial use.

Bassam M. Nabulsi

## **WARRANTIES**

### **AND SPECIFICATIONS**

#### **THE BEST IN THE BUSINESS**

ProMaxima has been manufacturing fitness equipment for over 30 years. Our equipment specifications meet or go far beyond what the industry standards call for. Listed below are some of our specifications for your approval:

#### **FRAMES AND WELDS (Lifetime)**

All structural frames are made of 2" x 2" or 2" x 4" steel tubing 8 or 11 gauge thick.

#### **CAMS AND GUIDE RODS (5 Yrs.)**

Solid steel chrome guide rods. Cams are precision flame-cut for exact variable resistance throughout complete range of motion.

#### **BUSHINGS - BEARINGS - PULLEYS (5 Yrs.)**

Bearings are heavy duty industrial face mount or pillow block bearings. Pulley wheels are solid reinforced web fiberglass pulleys, with a double sealed self lubricant ball bearing.

#### **CABLES (2 Yrs.)**

Cables are 1/4" thick 4400 lb. test military specification galvanized air craft cable. Finished with a nylon coating, easily replaceable.

#### **UPHOLSTERY (1 Yr.)**

Upholstery is commercial grade naugahyde, which is mildew resistant. Pads have two types of high density foam for comfort and durability.
